

# Certified Pool Operator

## Exam Preparation Courses

### Evening College Course: *Certified Pool Operator*

Dunwoody College of Technology is offering a five-day preparatory course in Certified Pool Operator (CPO). CPO certification courses provide individuals with the basic knowledge, techniques and skills of pool and spa operations. The CPO certification program is widely accepted by health departments and is required for commercial pool operators in the State of Minnesota. Any facility that has a public/commercial pool must have a CPO on staff.

The CPO certification program has delivered more training than any other program in the pool and spa industry since 1972, resulting in more than 240,000 successful CPO certifications. This course is nationally recognized.

### Program topics:

- Chemical feeders and controls
- Chemical testing
- Disinfection and sanitizers
- Essential pool and chemical calculations
- Facility renovation and design
- Facility safety
- Heating and air circulation
- Maintenance and troubleshooting
- Pool and spa management
- Pool and spa water problems
